**Panama City, Fla.** – The Florida Department of Health in Bay County, DOH-Bay, **advises against swimming in Massalina Bayou from E 6th Street to E 4th Street until further notice.**

The City of Panama City is reporting a release of **5,600 gallons of raw sewage**. This is due to rain over flowing a man hole at **530 E 6th Street in Panama City**. The release entered **Massalina Bayou**.

Sewage contamination of water can expose swimmers to **intestinal viruses, bacteria, and parasites**. Swimming in the water may cause **symptoms like food poisoning** with vomiting and diarrhea. **Infection is possible in open cuts and wounds** that come in contact with the water.

The **City of Panama City will test** the water and share results with the Florida Department of Environmental Protection and the Bay County Health Department. **Once levels are safe, the advisory will be lifted.**

For more information, contact the DOH-Bay's Environmental Health at 850-481-4806 or visit [Bay.FloridaHealth.gov](http://Bay.FloridaHealth.gov).

**About the Florida Department of Health**

The department, nationally accredited by the [Public Health Accreditation Board](#), works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
